

## Advent of Code 2024 Day 24

- Definitely **svb xor fsw -> nwq** is wrong  
moreover, might need to swap it with **y36 and x36 -> z36**

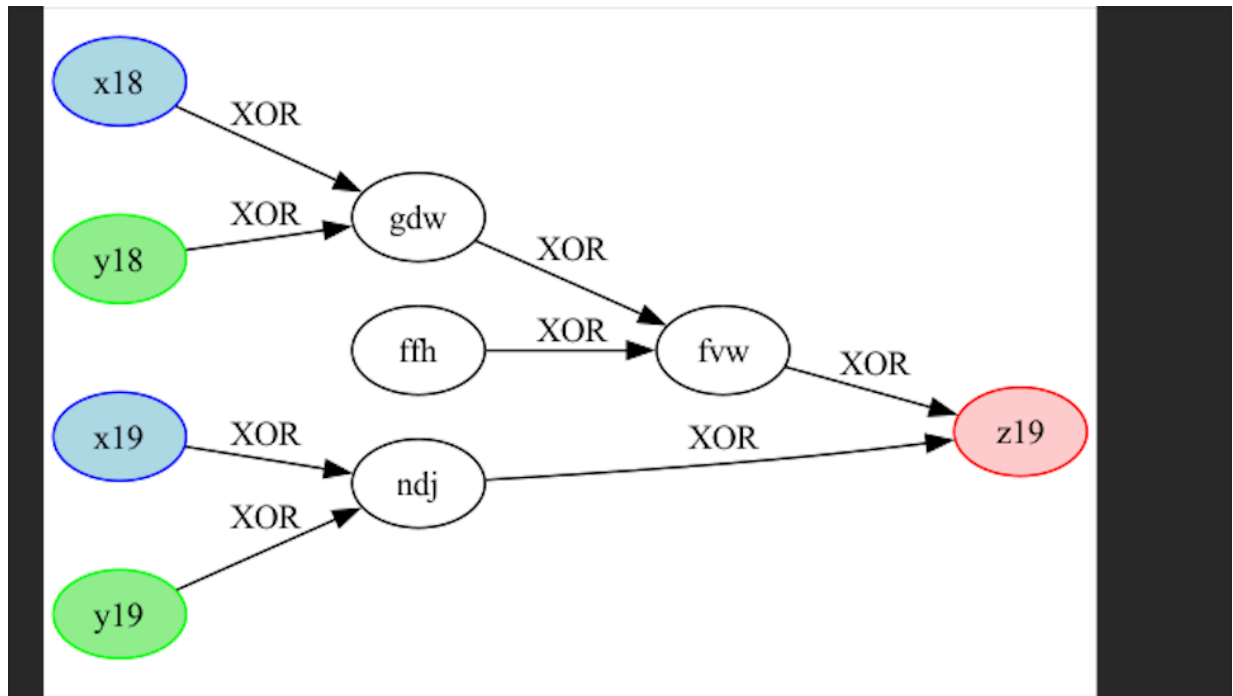

- nwg xor fsf -> mdb**  
moreover it might have to be swapped with **nwg and fsf -> z22**

- **ffh xor gdw -> fvw**

moreover it might have to be swapped with **cjb** or **kqr z18**

- **x05 xor y05 -> grf**

moreover we can swap it with **x05 and y05 -> wpq**
